Dave,

This is the force majeure notification that we received from Doe Run. It has been sent to several parties at EPA, addressing Jasper County, Cherokee County, SEMO, and the Multi-media Consent Decree. As you can see in the letter it also includes notifications of other parties outside EPA, including DOI.

Doe Run is not requesting any relief at this time in terms of a delay, this is just a notification and they would like to discuss the issue with the Agency prior to any decisions begin made. Seems like a reasonable request to me.
